

**CDIS-46 Option Interface Card**

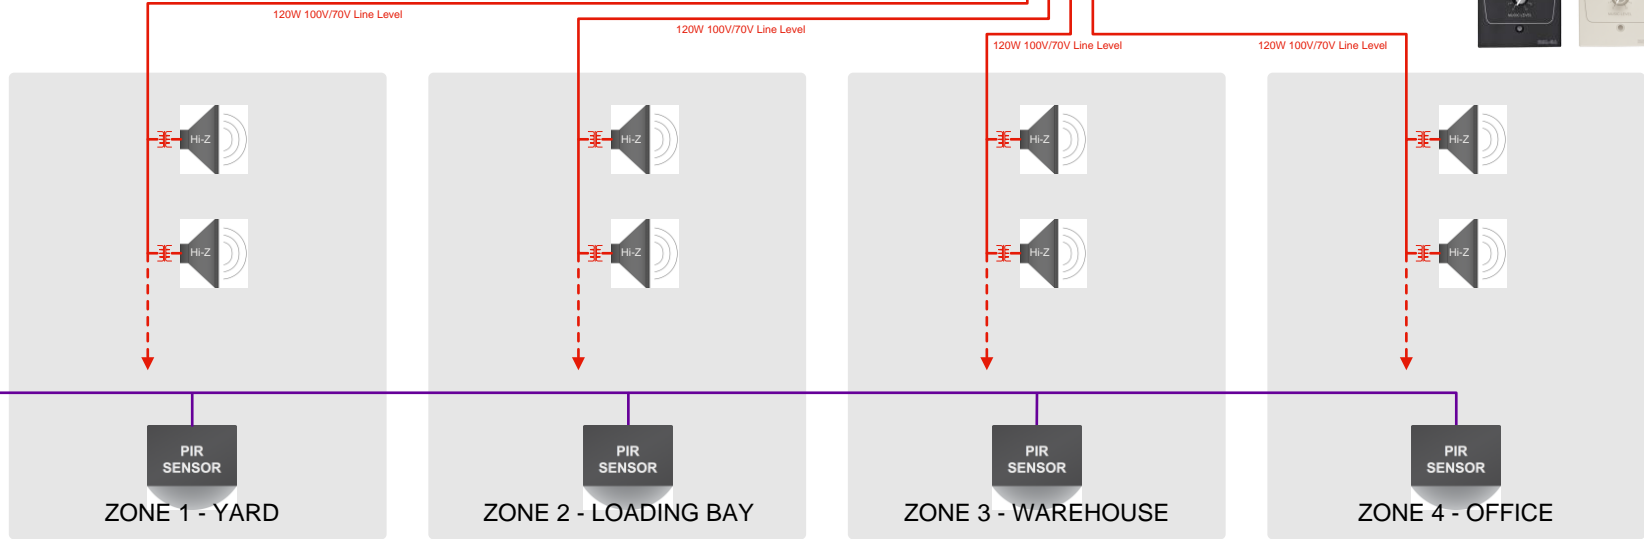

RS232  
Interface

CAT5 - Paging Mic  
Audio/Control

CAT5 - Analogue Contact Closure

Industrial Application (using all the 46-120 Features)  
46-120 with all possible options displayed.  
The PM4/8-SA Multi-Zone Paging Microphones with built-in MP3 Message Announcer can be used in conjunction with an external trigger device such as a Infrared motion sensor (PIR)- this enables fully automatic announcement of customised security announcements and chimes.
