prolight+sound

Cloud is exhibiting at Prolight + Sound 2012 in Frankfurt from March 21st to March 24th supporting German Distribution Partner S.E.A. Vertrieb & Consulting. If you are attending the show you are invited to drop by and say hello as we have some exciting product developments to show you. Appointments may avoid unnecessary delays - [click here](#) to arrange an appointment with our sales representatives at the show.

New Product Shipping News

With a number of new products and accessories added to the Cloud Electronics line-up in recent weeks please find links listed below for all new products and accessories. An indication of the availability / shipping dates for each product is also shown. A number of popular models have also undergone 'facelifts' to bring them into line with the new look and feel of Cloud products. Please ensure sales staff / internal systems are updated at your earliest convenience with these new products from Cloud Electronics.
