

Cloud Catalogue 2012

You can download the Cloud Product & Accessories Catalogue 2012 by clicking the link above.

A useful portal of training videos can be found on the Cloud Electronics YouTube channel by clicking the link above.

Congratulations

Congratulations are due to Mr & Mrs Spalding from all at Cloud Electronics Ltd.

Nick Spalding, International Sales Manager - EMEA for Cloud Electronics married Lisa Earnshaw in Zakynthos - Greece on 21st September 2012. We wish them both a life of happiness together.

Cloud DCM-1 gets new CDR-1 in Black & White

The Cloud CDR-1 Surface-Mount Remote Control Panel for the Cloud DCM-1 Digital Control Zone Mixer has a re-designed modern look and feel and is now available in Black or White finish. Pricing remains as before.

Simple to install the CDR-1 uses a standard Cat 5 cable to interconnect between a DCM-1 and up to 100 CDR-1's, providing the user with local source and volume selection. The CDR-1 is also available in a flush-mount version, the CDR-1F.

For further information please see the links below;

[Cloud DCM-1 Digital Control Mixer](#)

[Cloud CDR-1B Surface Remote Control Panel - White](#)

[Cloud CDR-1W Surface Remote Control Panel - Black](#)

[Cloud CDR-1FS Flush Remote Control panel - Silver](#)

(Please specify colour required at time of ordering i.e. CDR-1B for Black, CDR-1W for White)

Cloud RSL-6 and RL-1 in Black & White

The Cloud RSL-6 Remote Source and Volume Select Plate and the Cloud RL-1 Remote Volume Control Plate are now available to order in Black and White finish. Pricing remains as before.

The Cloud RSL-6 provides individual source selection and independent volume level selection on a per zone basis, assuming the RSL-6 is connected via a simple wiring connection to almost the entire range of Cloud Electronics CX-series (except CX-163) and Z4/Z8 Series zone-mixers. The Cloud RL-1 provides volume level selection only and is compatible with all Cloud CX-Series and Z4/Z8 Series mixers.

For further information, please click the [RSL-6](#) or [RL-1](#) links.

(Please specify colour required at time of ordering i.e. RSL-6B for Black, RSL-6W for White, RL-1B for Black, RL-1W for White - otherwise standard finish products will be supplied whilst stocks last).

Thank you for your continued use and support of Cloud Electronics products.
